

The local K-LOVE station I listen to is KLVM 89.7. In K-LOVE's programming I often find peace and encouragement when a day goes wrong. This station also provides information, news, and current events, both locally, nationally, and internationally. K-LOVE provides the opportunity to encourage residents of Salinas, a violence plagued community. It also gives youth an opportunity to hear a music that is positive, uplifting, and encouraging. Through K-LOVE's service our city's youth may be influenced away from the violence and gang activity prominent in the city now. Please help us to keep K-LOVE in our city. It is much needed in a city that lacks love.
